## Volunteer Opportunities

*Ballethnic Dance Company / Ballethnic Academy of Dance Youth Development Program*

Opportunities for volunteer involvement with our various projects are ever present. As a company based volunteer, there is a need for diligent assistance with typing letters, answering phone calls, preparing promotional packages, filling paperwork, maintenance, and other miscellaneous office duties. Volunteers that deal directly with our use can serve as tutors, summer camp assistants, and backstage volunteers during our signature ballets as well as our local performances. In short, numerous positions within the Ballethnic infrastructure are filled by volunteers who offer their services in administration with the general responsibilities of facilitating Ballethnic Dance Company and Ballethnic Academy of Dance or with the hands on teaching, care and guidance of the children.
